by Marijn Haverbeke (book)

HTML and CSS: Design and Build Websites, *by Jon Duckett (book).*

Profile

Aspiring **Full-Stack Developer** with a background in Computer Engineering. Proficient in HTML, CSS, JavaScript, React, Node.js, Express, and databases. Experienced in developing small projects that showcase skills in building dynamic, responsive web applications. Passionate about continuous learning and eager to contribute to innovative development teams.

Professional Experience

Purchasing Manager, AnwarAl-Karim Supermarket

2022 – present | Amman, Jordan

Experienced in managing procurement for supermarket chains, specializing in sourcing quality products at competitive prices. Skilled in supplier management, contract negotiation, inventory optimization, and cost-saving strategies. Proficient in market analysis, demand forecasting, and ensuring compliance with food safety regulations to balance quality, variety, and affordability.

Portfolio website,

<https://mohammed-btoosh.github.io/portfolio> 📄

Developed a personal portfolio website to showcase projects and skills, featuring a responsive design, interactive user interface, and seamless navigation. Built using HTML, CSS, JavaScript, React, Node.js, Express, and PostgreSQL.

Coming Soon: Full-Stack Blog Application (PERN Stack)

Currently developing a full-stack blog application using PostgreSQL, Express, React, and Node.js. The project will feature user authentication, post creation and management, and comment functionality, showcasing a dynamic and interactive web application.
